1.0 BACKGROUND

The Government of Kenya, through the State Department for Fisheries, Aquaculture, and Blue Economy (SDFA&BE) and with support from the World Bank, is implementing the Kenya Marine Fisheries and Socio-Economic Development (KEMFSED) project, and intends to apply part of the proceeds for this consulting service.

The consulting services (“the Services”) include:

Brief description: As a background, the KEMFSED project has an overall goal to enhance economic benefits and coastal livelihoods from marine fisheries and coastal aquaculture while safeguarding associated ecosystems’ integrity. The five coastal counties proposed to be targeted under this 5-year project include: Kwale, Mombasa, Kilifi, Tana River and Lamu. The implementing agency is the MoALFC, through the SDFA&BE, on behalf of the Government of Kenya.

Component 1: Improve Governance and Management of Marine Fisheries which will focus on improving the management of marine fisheries in Kenyan waters, support infrastructure development to improve fisheries management and create mariculture opportunities. This consultancy will support activities of this component.

Component 1 of KEMFSED has a dedicated Sub-component 1.2 on strengthening co-management of nearshore priority marine fisheries resources. Central to that is development and strengthening of JCMAs as the basis for planning and implementing effective priority fisheries co-management interventions. That will include strengthening existing JCMAs, and establishment and development of new ones, with the aim of improving the effectiveness of fisheries management in at least 47% of nearshore waters, as per the KEMFSED project results framework.

Component 2: Coastal Community Empowerment and Livelihoods will contribute to strengthening livelihoods in coastal communities through a combination of technical and financial support for the implementation of subprojects, improved access to micro-credit and complementary capacity-building and mentoring of beneficiaries.

Component 3: Project Management this Component will finance supplemental support for project management at both national and county levels to ensure coordinated and timely execution of project activities.

Objective of Assignment: The objectives of this consultancy is to hire a Marine Aquaculture Hatchery Specialist to support the KEMFSED team for the implementation of Phase I of the development of a hatchery and resource centre at the National Mariculture Resource and Training (NAMARET) Center site in Shimoni, Kwale County.
